

1999 Massachusetts Private Hauler Directory

Trash and Recycling Companies That Provide Collection on a
Fee-for-Service Basis to Single and Multi-Family Residences,
Apartments, and Condominiums

Presented by the Massachusetts
Department of Environmental Protection
and the Executive Office of Environmental Affairs

January 2000

Preface to the Massachusetts Private Hauler Directory

The Massachusetts Department of Environmental Protection (DEP) and the Executive Office of Environmental Affairs (EOEA) are pleased to provide you with the second annual *Massachusetts Private Hauler Directory*. The Directory provides information on the level of recycling services offered by Massachusetts subscription trash haulers (as opposed to haulers hired by municipalities), including: telephone number, service area, types of containers and information provided, and frequency of service.

Municipal officials, residents and building managers are the intended users of the Directory. The Directory is one part of an integrated strategy to increase recycling access to the approximately 15% (over one million residents) of the state who currently do not have convenient recycling access. **The directory provides information to:**

- ◆ Property managers, owners or residents of multi-family housing units, apartments or condos who want to add recycling to their existing solid waste service.
- ◆ Single family homeowners who want to add recycling to their existing solid waste service.
- ◆ Municipal officials who plan to educate and inform local residential and business property owners about the availability of recycling services provided by solid waste haulers doing business in their communities.
- ◆ Municipal officials who have the responsibility to implement local laws, codes or ordinances requiring haulers to provide recycling services to single and multi-family residences, apartments and condominiums.

This is the second year the Directory has been published. DEP and EOEA worked to be as inclusive as possible, although we realize that some haulers that provide subscription service may not be listed. The information in the Directory is self-reported by the firms. Readers should be aware that the service offerings of companies may change from time to time, and that some firms may not be able to respond to requests from customers for services listed in the Directory. We apologize for any omissions or errors that may exist and invite you to help us make next year's Directory even more complete and accurate. There is a comment page inside the back cover, which can be faxed or mailed to DEP.

Additional copies can be downloaded from the DEP web site (www.state.ma.us/dep – click on the recycling symbol to bring you to the Recycling Home Page). If you do not have access to the web site and want additional copies or have suggestions or questions about the Directory, please call the DEP Recycling Program at (617) 556-1021.

How to Locate a Company in Your Area

The Directory lists companies that operate in communities statewide. If you are looking for a company that services a particular community, find the community in the county list breakdown below. Next, locate the company(ies) who service that county by consulting the individual company listings, listed alphabetically by company name on pages 1-38.

(1) BARNSTABLE COUNTY-Cape Cod & Islands
